Sua Eccellenza Cav. Spinazola  
Direttore del Museo Nazionale  
Napoli, Italy

Dear Sir:

On my return to New York I am taking an early opportunity of expressing to you my appreciation for the courteous treatment received at the Coin Cabinet of the Naples Museum during my visit there in June and July of this past summer.

Signorina Levy was most kind in placing at my disposal the material which I desired to see; and, as I anticipated, I found much information.

The collection in your care is a wonderful one, and I greatly appreciated the opportunity I had for studying it.

Should I at any time be able in some way to be of service to you here, I trust that you will feel free to call upon me.

Again thanking you for your courtesy, I beg to subscribe myself

Very sincerely yours,

Secretary

Dear Sir:

Herewith I am enclosing rubbings of two gold coins of Metopontum, in your Cabinet. Will you be so kind as to ascertain their weights for me? The first is described in Fiorelli's Catalogue No. 2276; the second one, is, I think, in the small collection of coins bequeathed to your Museum less than a dozen years ago by Mr. Stevens.

This information is of importance to me and I shall be very grateful for your aid.

Very sincerely yours,

Secretary.

Dott. Comm. Majuri  
Director Museo Nazionale  
Naples, Italy

Dear Sir:

May I permit myself the pleasure of introducing to you  
Madame George P. Cammann, a member of the American Numismatic Society,  
who is studying the coinage of Corinth, and who is especially anxious  
to examine any coins of Corinth or its colonies which may be in the  
Cabinet in your Museum. Anything you may be able to do which will  
facilitate Madame Cammann's examination of such of these coins as  
may be in your possession will be very greatly appreciated.

With assurances of personal esteem, I beg to subscribe  
myself,

Very respectfully yours,

Secretary.
